## Three D Metals, Inc. Statement concerning cobalt-60 contamination

To Three D Metals, Inc.'s Valued Customers:

Three D Metals, Inc. has recently become aware of issues concerning cobalt-60 contamination in material originating in India. Five suspect sources have been identified and are listed below:

- Vipras Casting
- Bunts
- Laxmi
- SMK Steels
- Pradeep Metals

We would like to assure you that we have never purchased material from any of the above suspect sources and will not purchase material from any material in the future from any source that has been identified as a suspect source of cobalt-60 contamination.

Three D Metals, Inc. will take all precautions that are necessary to assure that its products remain free of cobalt-60 contamination.

Sincerely,

John Bakuhn, Jr.  
Director, Corporate Quality  
330-558-0788
