

## THREE D METALS

# PRODUCT LIST

Three D Metals offers an extensive inventory of high carbon spring steel, cold rolled steel, copper, aluminum and brass materials throughout the Americas. Whether it's a one-time order or part of a JIT program using our own trucks, we consistently meet the most demanding production schedules. We have recently acquired Williams Metals and Welding Alloys, who specializes in the processing and distribution of copper, aluminum, bronze and brass in bar, pipe, rod, sheet, plate, and shapes, as well as welding wire.

**TOGETHER OUR PRODUCT LINE IS VERY COMPLEMENTARY AND WITH OUR SEVEN LOCATIONS PROVIDES AN OPPORTUNITY TO BETTER SERVICE OUR CUSTOMERS.**

Value-added slitting, edging, oscillating, cutting, shearing, and sawing

Copper, Aluminum, High Carbon Spring Steel, Cold Rolled Steel, Welding Wire, Brass, Stainless Steel – just to name a few!

Serving Automotive, Transformer, Utilities & Packagers, Construction, Appliance, and Retail industries

OHIO • ALABAMA • NORTH CAROLINA • MISSOURI • MEXICO • CANADA

## COIL PRODUCTS

Alloy	Gauges	Temper	Widths	Special Capabilities
110 Copper	.002 - .102	Soft to ½ Hard	.250 - 48.00	3D Power Edge for Transformer use Some of the largest coils in North America
1045 - 1095 High Carbon Spring Steel	.010 - .125	Annealed	.187 - 48.00	Pancake and Oscillate Coil
1008 - 1010 Low Carbon Steel	.010 - .125	Annealed to Full Hard	.187 - 48.00	Pancake and Oscillate Coil Bare, Hot-dipped Galvanized and Electro-Galvanized
1350 Aluminum	.001 - .125	Soft, H - Series	.500 - 60.00	Deburred Edge Some of the largest coils in North America
300 Series Stainless Steel	.015 - .090	Annealed to Full Hard	.187 - 48.00	Pancake and Oscillate Coil

## BAR / ROD / SHEET / PLATE PRODUCTS

Alloy	Gauges	Temper	Widths	Special Capabilities
110 Copper Bar / Rod / Shapes	.0625 - 8.00	½ Hard	.500 - 12.00	Square, Full Round and Radius Edge Bare, Silver and Tin Plated Commercial and Cut Lengths
110 Copper Sheet / Plate	.032 - 6.00	⅛ - ½ Hard	up to 48 X 96	Commercial and Cut Lengths
6101 & 1350 Aluminum Bar / Shapes	.125 - 8.00	T Series and H Series	.500 - 12.00	Square, Full Round and Radius Edge Bare and Plated Commercial and Cut Lengths

## PIPE PRODUCTS

6101, 6061 and 6063 Aluminum Pipe / Tube	Seamless and Structural Bus Pipe	Up to 12" Diameter	ANSI Schedule 40 & 80	Stock lengths 20, 30' and 40' Beveling Services Available Custom Sizes Available
102, 110 Copper Pipe / Tube	Seamless and Structural Bus Pipe	Up to 8" IPS	ANSI Schedule 40 & 80	Full Inventory for Immediate Shipment Commercial and Cut Lengths

## WELDING WIRE PRODUCTS

Carbon, Stainless, Nickel alloys in Solid, Flux core, and Electrode form

Deoxidized Copper, Silicon Bronze and Aluminum Bronzes for an array of applications

Silver Soldiers - Various alloys, forms, for all applications

Inquire -  
We are stocking most alloys  
and name brands

*\*\*Please inquire if what you seek is not listed. We also have a large depth of inventory in brass & bronze in plate, rod, sheet, tube, coil & more*

OHIO • ALABAMA • NORTH CAROLINA • MISSOURI • MEXICO • CANADA
